14. FAQ

Can I send my medical reports before travelling to India?

Yes. Patients can submit their available medical reports for case coordination before making travel arrangements.

Can Hana help me find a suitable hospital?

Hana can coordinate with relevant healthcare providers based on the patient's medical requirements and available provider information.

Can I know the estimated treatment cost before travelling?

We can coordinate an available estimate from the relevant healthcare provider based on the medical information provided. Final costs may change after examination or further investigations.

Do you provide medical opinions?

Hana coordinates with qualified healthcare professionals/providers for medical assessment. Hana itself does not replace a doctor or provide a medical diagnosis.

Do you help with medical visas?

We provide assistance with relevant documentation and coordination for the medical-visa process, subject to applicable requirements.

Do you arrange airport pickup?

Yes, airport transfer assistance can be coordinated as part of the patient's India journey.

Can my family member accompany me?

We can assist with practical travel and accommodation coordination, subject to applicable visa and travel requirements.

How can a hospital or medical agency partner with Hana?

Use the Partner With Hana form and our team can contact you to discuss the potential collaboration.
